Estimate Process

STEP 1:

Call us for a free estimate!

An estimate includes discussing your personal expectations and vision for your project. This is a 30 minute assessment of your property.

STEP 2:

Receive your estimate and customized lighting plan

. At this point we require a 50% non refundable deposit to reserve your lights and installation date.

STEP 3:

Make your neighbors jealous and spread cheer to your community!

Once your installation date arrives, we will efficiently install your lights and light up your residence or business!

Sit back and relax while we handle the hard work! Our service includes installation, removal and storage of lighting!

HOLIDAY LIGHTING

Design Service

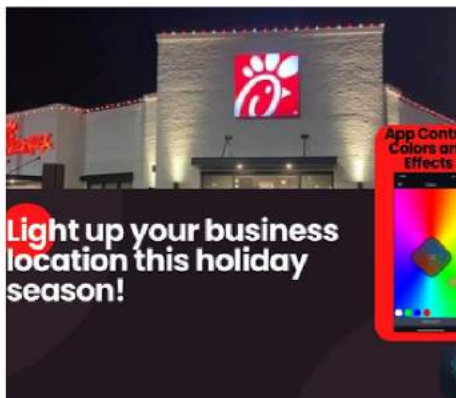

CONSULTATION

A consultation is required for large scale projects & for clients looking for help designing their own light shows!

Our consultation visit begins with a one hour visit to your property and a meeting with the client. Consultations cost \$100 for the first hour, followed by 75 for every additional hour required for the design of your project.

DESIGN MAP

Once our team has finalized your design, we will send over a design “map” for you, which includes product recommendations, measurements and tips. We include one revision to your design map, with additional fees for more revisions.

COMMERCIAL DESIGN

This service is required for all commercial projects to ensure that we meet all local guidelines before installation & that there is adequate power for the installation. If you decide to contract our services your consultation fee will be credited to your final bill.
